

SPECIAL PREMIUM POWER CLEANSE

Application Area

REGENT® SPECIAL® is especially suitable for the removal of highly-adhesive dirt e.g. from varnish, resins, adhesives, paint and bitumen.

Product Description

REGENT® SPECIAL® is a special hand cleanser with dirt-removing additives and natural scrubbing agents made of olive seed powder.

Product Properties

- Varnish, resins, adhesives, bitumen and similar heavily water-repellent dirt cannot be removed from the skin by the mere use of surfactants. Therefore, organic solvents are still used often for these purposes.
- GREVEN® SOFT ULTRA contains ester oils as dirt-solving component because of their very good skin compatibility.
- The cleansing effect of the product is supported by olive seed powder, whose grain structure and grain fineness are especially adapted to this type of use. Due to its low specific weight, blockages of drains and pipes are not to be expected.
- The entire formulation as well as the pH-value of the product have been adapted to the natural acid mantle of the human skin, which in its functions is not affected by the product.
- Lipid replenishing ingredients provide an additional caring effect.

Composition According To Inci

AQUA, DIMETHYL GLUTARATE, DIMETHYLADIPATE, DISODIUM LAURETH SULFOSUCCINATE, OLEA EUROPAEA SEED POWDER, BRASSICA CAMPESTRIS SEED OIL, SODIUM LAURETH SULFATE, STEARALKONIUM BENTONITE, PROPYLENE GLYCOL, HYDROGENATED STARCH HYDROLYSATE, LAURETH-4, SODIUM BENZOATE, SODIUM CITRATE, POTASSIUM SORBATE, CITRIC ACID, XANTHAN GUM, PARFUM.

Application

Distribute without water on the skin, wash with little water, rinse well and dry. Rinse accidentally in the eye with water.

Certificate of Dermatological Compatibility

The dermatological compatibility of REGENT® SPECIAL® has been carefully tested and proven. A printed certificate is available.

Ecology

The surfactants used fulfill the requirements of easy biological degradability as they are determined in the Regulation (EC) No 648/2004 on detergents. The laboratory testing of surfactants in the context of this regulation is based on the "Confirmatory Test" procedure of the OECD method.

Statutory Regulations

REGENT® SPECIAL® is subject to the Regulation (EC) No 1223/2009 on cosmetic products. Further details on handling the product can be obtained from the Group Data Sheets for skin products (for occupational use).

Storage Instructions

Store at room temperature. Store in a dry place. Containers which are opened should be properly resealed and kept upright to prevent leakage. Keep away from food, drink and animal feeding stuffs. Do not eat, drink or smoke when using this product.
