### Product Description

REGENT® ULTIMO® is a hand cleaner that achieves excellent cleaning without damaging the skin with abrasive rubbing agents. Thanks to the patent-pending Active Sol Pearls® (ASP) dirt-removing agent, REGENT® ULTIMO® is highly effective against stubborn dirt - while protecting the skin.

### Product Properties

- The innovative ASP soil release agents do not support the cleaning process of the surfactants like conventional abrasive abrasives, but mainly bind the oily dirt particles through their polar surface structure.
- The ASPs are soft, smooth beads of hydrogenated castor oil (wax) that can dissolve dirt particles without damaging the skin.
- On the contrary waxes are due to their smoothing and nourishing effect u.a. also used in skin care products.
- Combines the unique ASP with an effective and mild surfactant blend of acylglutamate and lipid-reducing glycerol ester.
